1

24/7 Availability

At ISON Health, we ensure you have access to virtual consultations around the clock via voice and video calls. Our services are offered in Arabic, Hindi, and English to cater to our diverse client base.

2

Specialist Consultations

Access a wide range of specialists within our network by appointment. We ensure that you receive dedicated time and specialized care tailored to your needs.

3

Wellness Advisor and Psychologist Consultations

Book appointments with our wellness advisors and psychologists for personalized counseling and support for your mental and physical health.

4

Prescription Services

Our healthcare professionals can issue prescriptions as needed during your consultations. We manage routine prescriptions based on the consultation outcomes, ensuring you receive the necessary medications.

5

Medication Delivery

Benefit from our medication delivery service, bringing prescribed medications directly to your doorstep where available, enhancing convenience and adherence to treatment plans.

6

Home Lab Sample Collections

We provide home lab sample collection services for necessary diagnostic testing, minimizing the need for travel and making the process efficient and convenient for you.

7

Chronic Disease Management

Our dedicated chronic disease management program offers regular monitoring, personalized treatment plans, and continuous support. We focus on managing conditions like diabetes and hypertension to enhance your quality of life and stabilize health outcomes.

8

Referrals to In-Network Facilities

We streamline referrals to a vast network of clinics and hospitals within your insurance network, ensuring you receive comprehensive care from trusted facilities.
